

OVARIAN CANCER
INSTITUTE

A Collaborative Fight Against Ovarian Cancer

Annual Report

2018

The Second Annual Teal Cup
Tournament was a huge success,
raising more than \$90,000.

The #GNO4OCI campaign was launched in honor of World Ovarian Cancer Day.

What is #GNO4OCI?

The concept is simple...gather your girlfriends and raise ovarian cancer awareness by hosting your own fundraising event. To ensure your own success make sure to:

- set a goal
- make a guest list
- ask your guests for a minimum donation

That's all it takes!

Request our [#GNO4OCI Toolkit](#) to help get you started.

raised more than
\$175,000 for the
Institute.

#GIVING
TUESDAY

Fundraising through social media and online purchasing has proven to be a significant source of revenue for OCI, raising more than \$23,000.

Research Report

- **Nanoparticle delivery of therapeutic RNAs**

- \$60,000 was awarded from the Georgia Research Alliance to propel our work with the nanoparticle targeted gene delivery project.

- **Personalized medicine**

- Report published in *Nature Scientific Reports* on the use of machine in precision medicine (prediction of optimal drug therapies based on genomic profiles of patient tumor samples).

- **Diagnostic test**

- 1,000 samples have been purchased and metabolic analysis is underway.
- If this test proves to be 100% sensitive and specific, we hope to obtain FDA approval.

With your help and generosity, in
2018, OCI raised a total of
\$650,000 for ovarian cancer
research. We couldn't have done
it without you!
